

Armored R12 Sink Gun Metal
32" x 20" – U/M

Kitchen Sinks

Code: 4237 666

PVD Gun Metal
AISI 304 Stainless steel
Satin finish
Undermount
x cross bending for easy water draining

DETAILS

| | |
|------------------------|--------------------------|
| Series | Armored R12 |
| Material | AISI 304 stainless steel |
| Texture | Satin |
| Finish | PVD |
| Coloring | Gun Metal |
| Edge/Installation Type | Undermount |
| Thickness | 16 Gauge (1.5 mm) |
| Overall dimensions | 32" x 20" |

| | |
|--------------------|------------------------------------------------|
| Bowls dimensions | 1 bowl 30" x 18" |
| Bowls depth | 10" |
| Cut out | 30" x 18" radius ½" |
| Waste fitting type | 3 ½" - with stainless steel basket |
| Bowls bottom | X cross bending for easy water draining |
| Underside | Protected with heavy duty undercoating |
| Fixing system | Undermount fixing kit (brass insert and clips) |

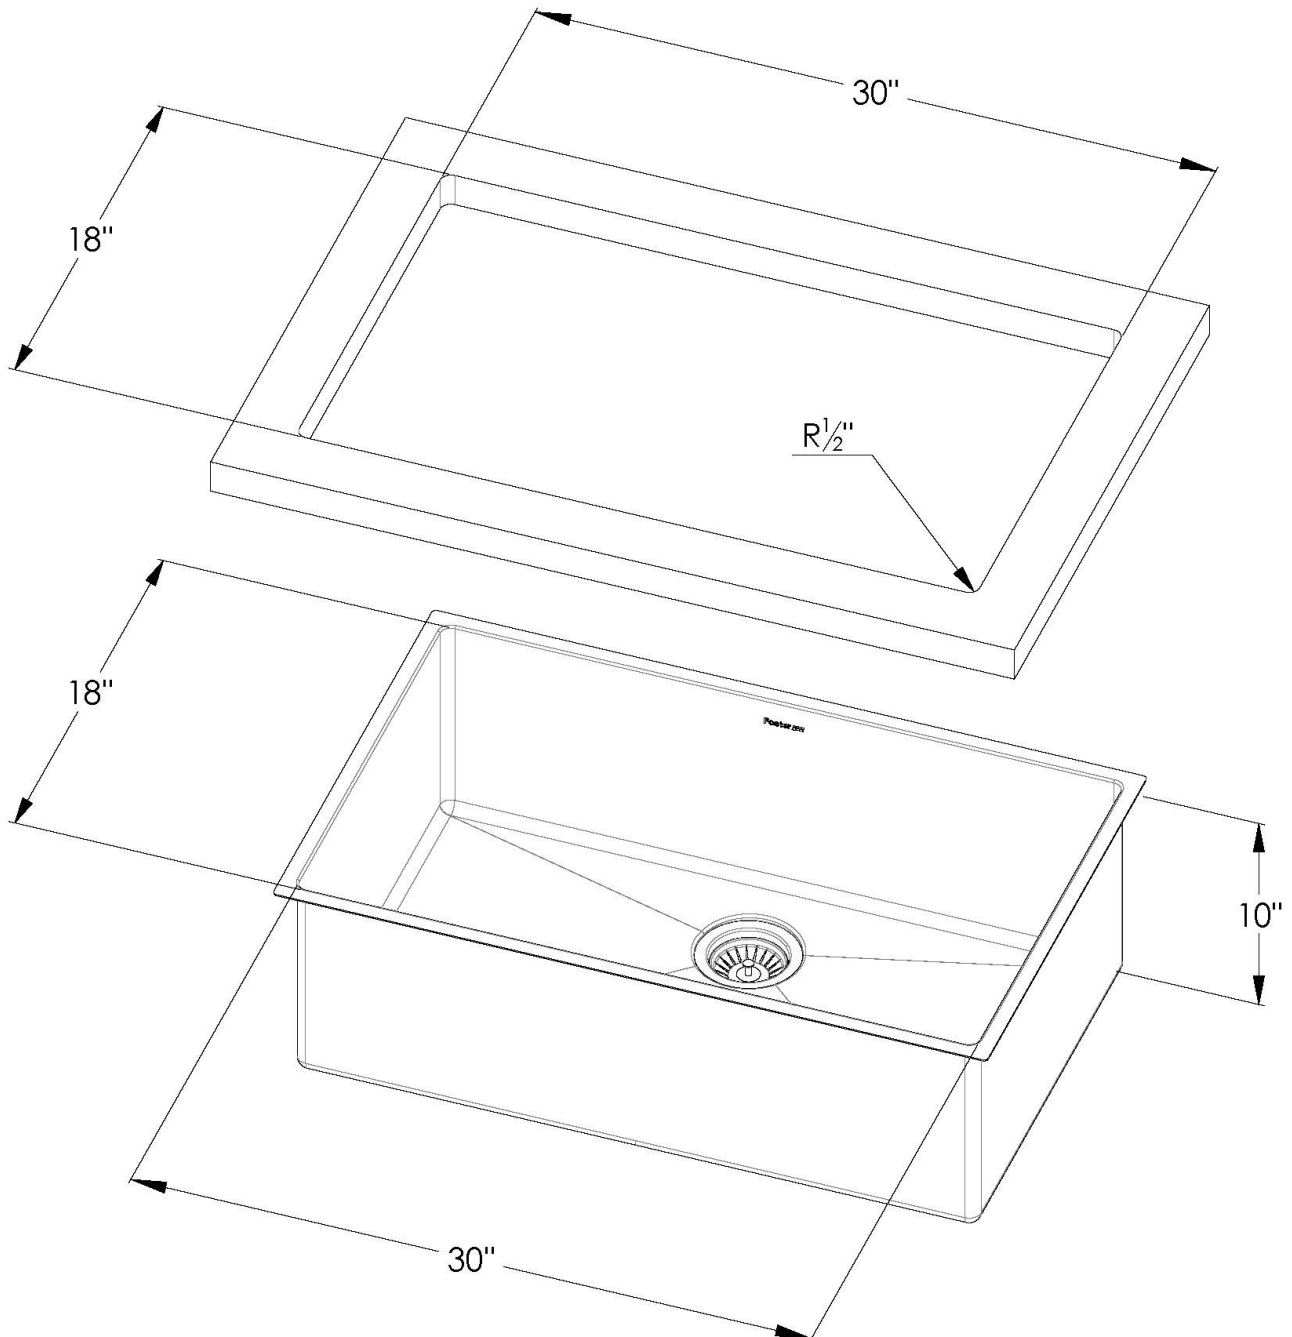

FEATURES

| | |
|---------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| GUN METAL | The Gun Metal finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches. |
| Diamond-shape bottom | The draining of water is an important feature in a sink, and it's always taken good care of in Foster products. In the bent-welded sinks, which would have a flat bottom, the proper draining is guaranteed by the elegant beveling, which helps the water flow. |
| High thickness | 1.5 mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability. |
| Basket 3,5" waste fitting | The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts. |
| Deep bowls | This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capieny and practicity in all the washing operations. |

Small radius

Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality.
