| Fixing system      | Undermount fixing kit (brass insert and clips) |

## FEATURES

|                           |  |
|---------------------------|--|
| Diamond-shape bottom      | The draining of water is an important feature in a sink, and it's always taken good care of in Foster products. In the bent-welded sinks, which would have a flat bottom, the proper draining is guaranteed by the elegant beveling, which helps the water flow. |
| High thickness            | 1.5 mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.   |
| Basket 3,5" waste fitting | The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts.   |
| Deep bowls                | This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capieny and practicity in all the washing operations.   |
| Small radius              | Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicity.   |
