

## Foster Milano Rangetop 4 Plate Induction (with holder)

Rangetop

Code: 3171 900

AISI 304 Stainless steel  
Satin finish  
9 settings plus Powerboost  
4 slider commands  
Overflow detection  
Security lock

### DETAILS

<b>Series</b>	Foster Milano
Finish	Foster brushed
Material	AISI 304 stainless steel
Texture	Satin
<b>Dimensions</b>	47 <sup>7</sup> / <sub>8</sub> " x 27 "

### Induction cooker hob:

9 Power settings per zone +  
Powerboost

Bridge function

**Heating element** Four zones

---

4 slider commands T-chef function

---

Delay off timer Pause and Recall

---

Light switch Independent timer

---

Extractable oil collector Security lock

---

Air Outlet Residual heat light

---

Overflow detection

---

## Power

---

Power 1,900-2,200 W (3,400-3,900 Booster) 4 Zones size 7×8"

---

Electrical supply 208-240V – 50/60 Hz

---

Total power 6,700 W @208 V  
7,800 W @240 V

---

**Optional accessories** 8210 008 Induction Pro Pot Set

---

## FEATURES

**Powerboost** Booster function provides increased power to the selected plate. In particular, when the Booster is activated, the plate works for ten minutes at a very high power that allows to heat quickly large quantities of water.

---

## Slider commands

The Slider control allows for extremely quick temperature setting: with a light touch of the finger you may select the desired power level on the TOUCH display.

---

## Bridge zone

The new hobs with Bridge function allow to associate two zones forming a single extended cooking zone for pots of large size, or for more than one cooking simultaneously, with maximum flexibility in pot positioning. With the additional Double Booster feature provided by all Bridge hobs, the exceptional 3700 W power can be concentrated on a single plate or made available uniformly over the enlarged area.

---

## Heat maintenance

Function that allows the food to be kept warm gently (70° C), without reaching boiling temperatures or risking to burn the sauce.

---

## Pause

Useful function that allows you to distract your attention from cooking, interrupting and restoring the settings immediately.

---

## Recall

This feature allows you to call back the last settings selected in the previous cooking.

---

## Timer

Independent timer from the end-of-cooking function.

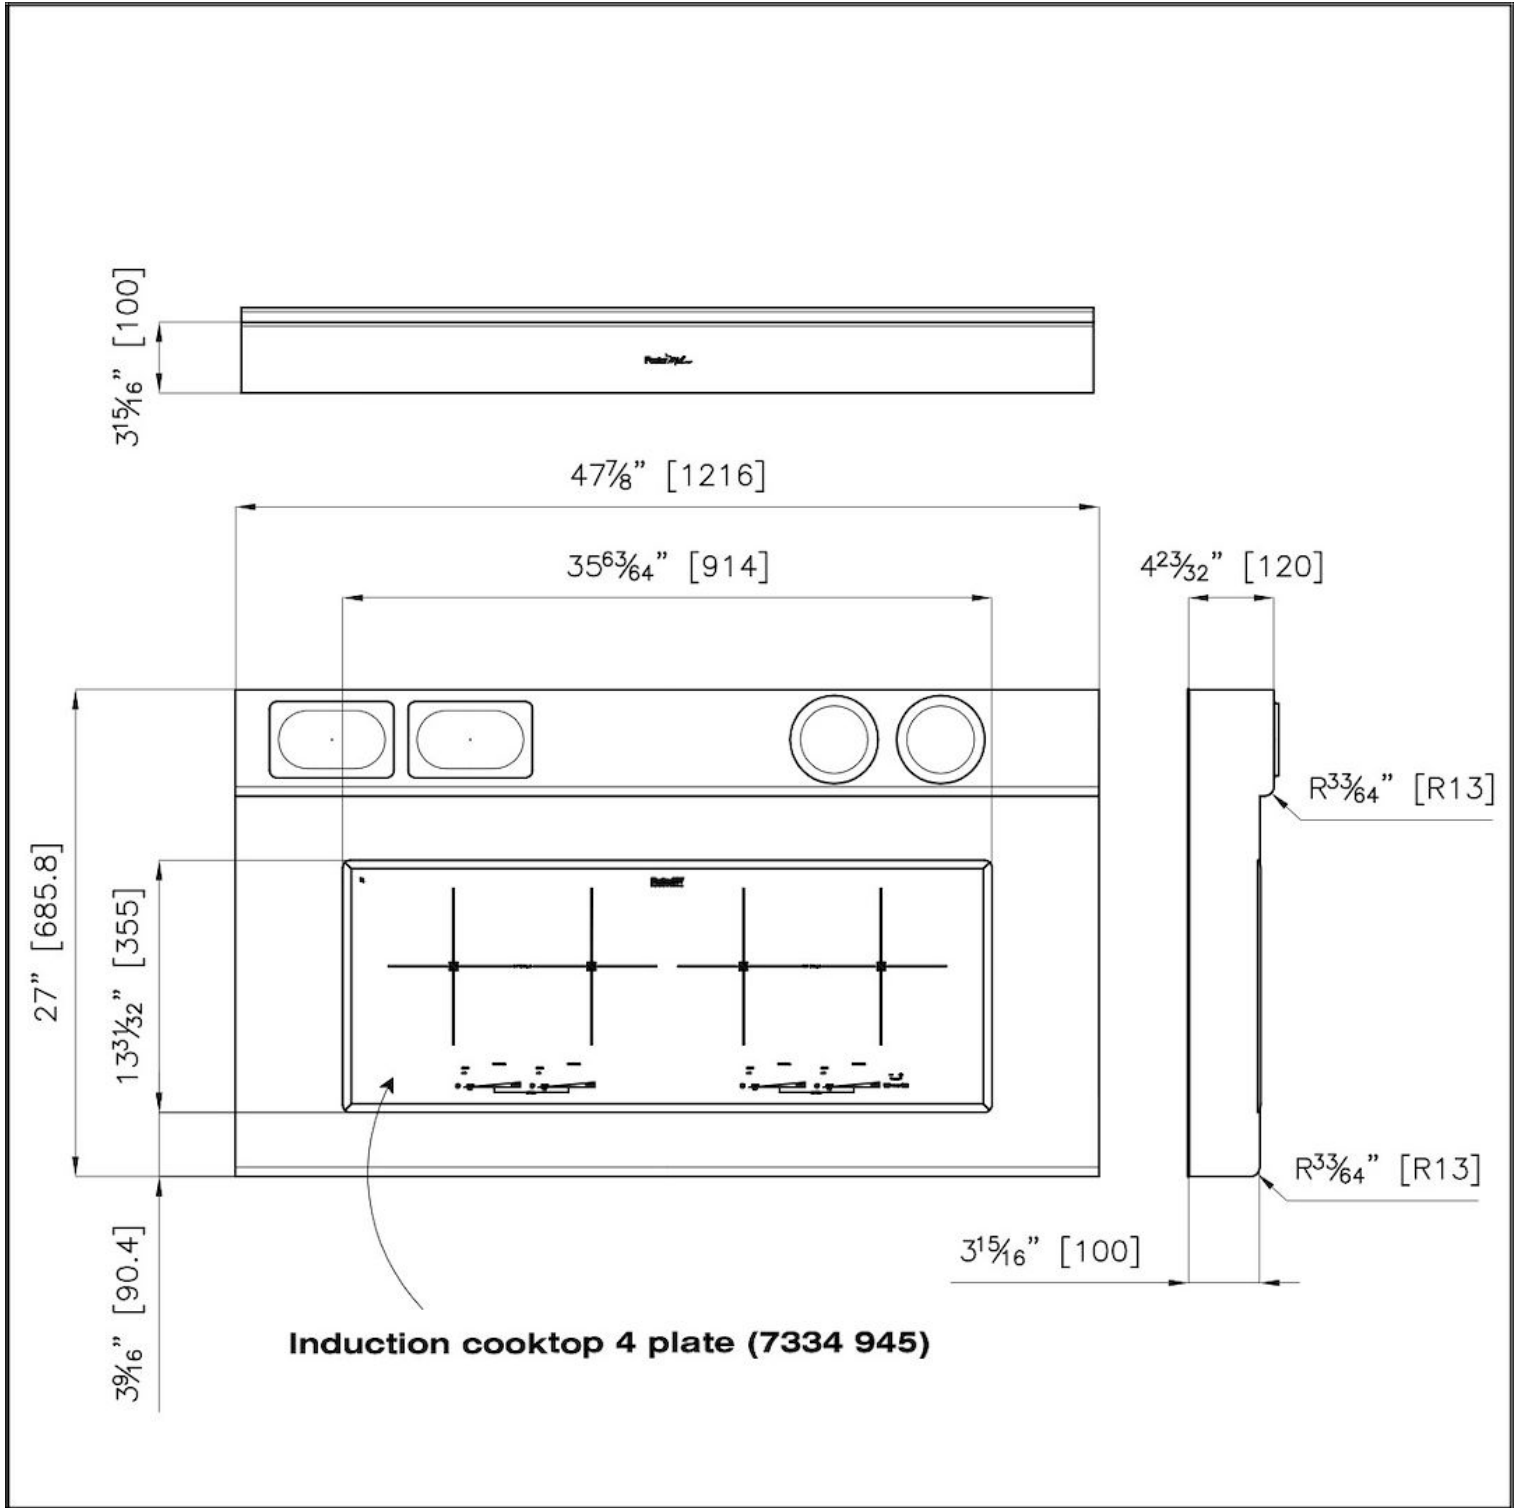

---

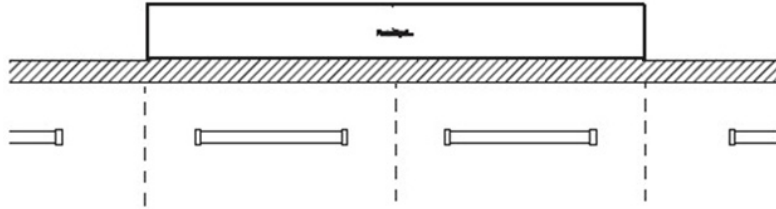

## Safety

All electric cooker hobs feature the most modern and sophisticated safety protections: Centralised power-off function; Child-proof safety lock; Residual heat warning lights. Induction models feature the following functions: Safety System that turn off the hob in the absence of the pot; Overflow detector that automatically turns off the plate in case of liquid overflow; Automatic deactivation to prevent accidents caused by forgetfulness.

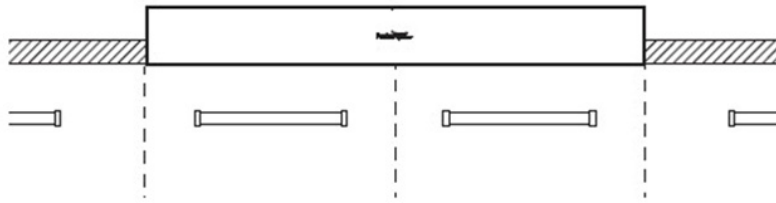

---

## TECHNICAL DATA

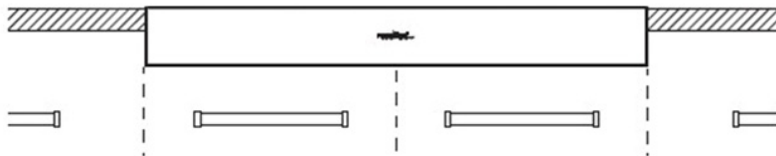

1. Sit-up installation on the worktop

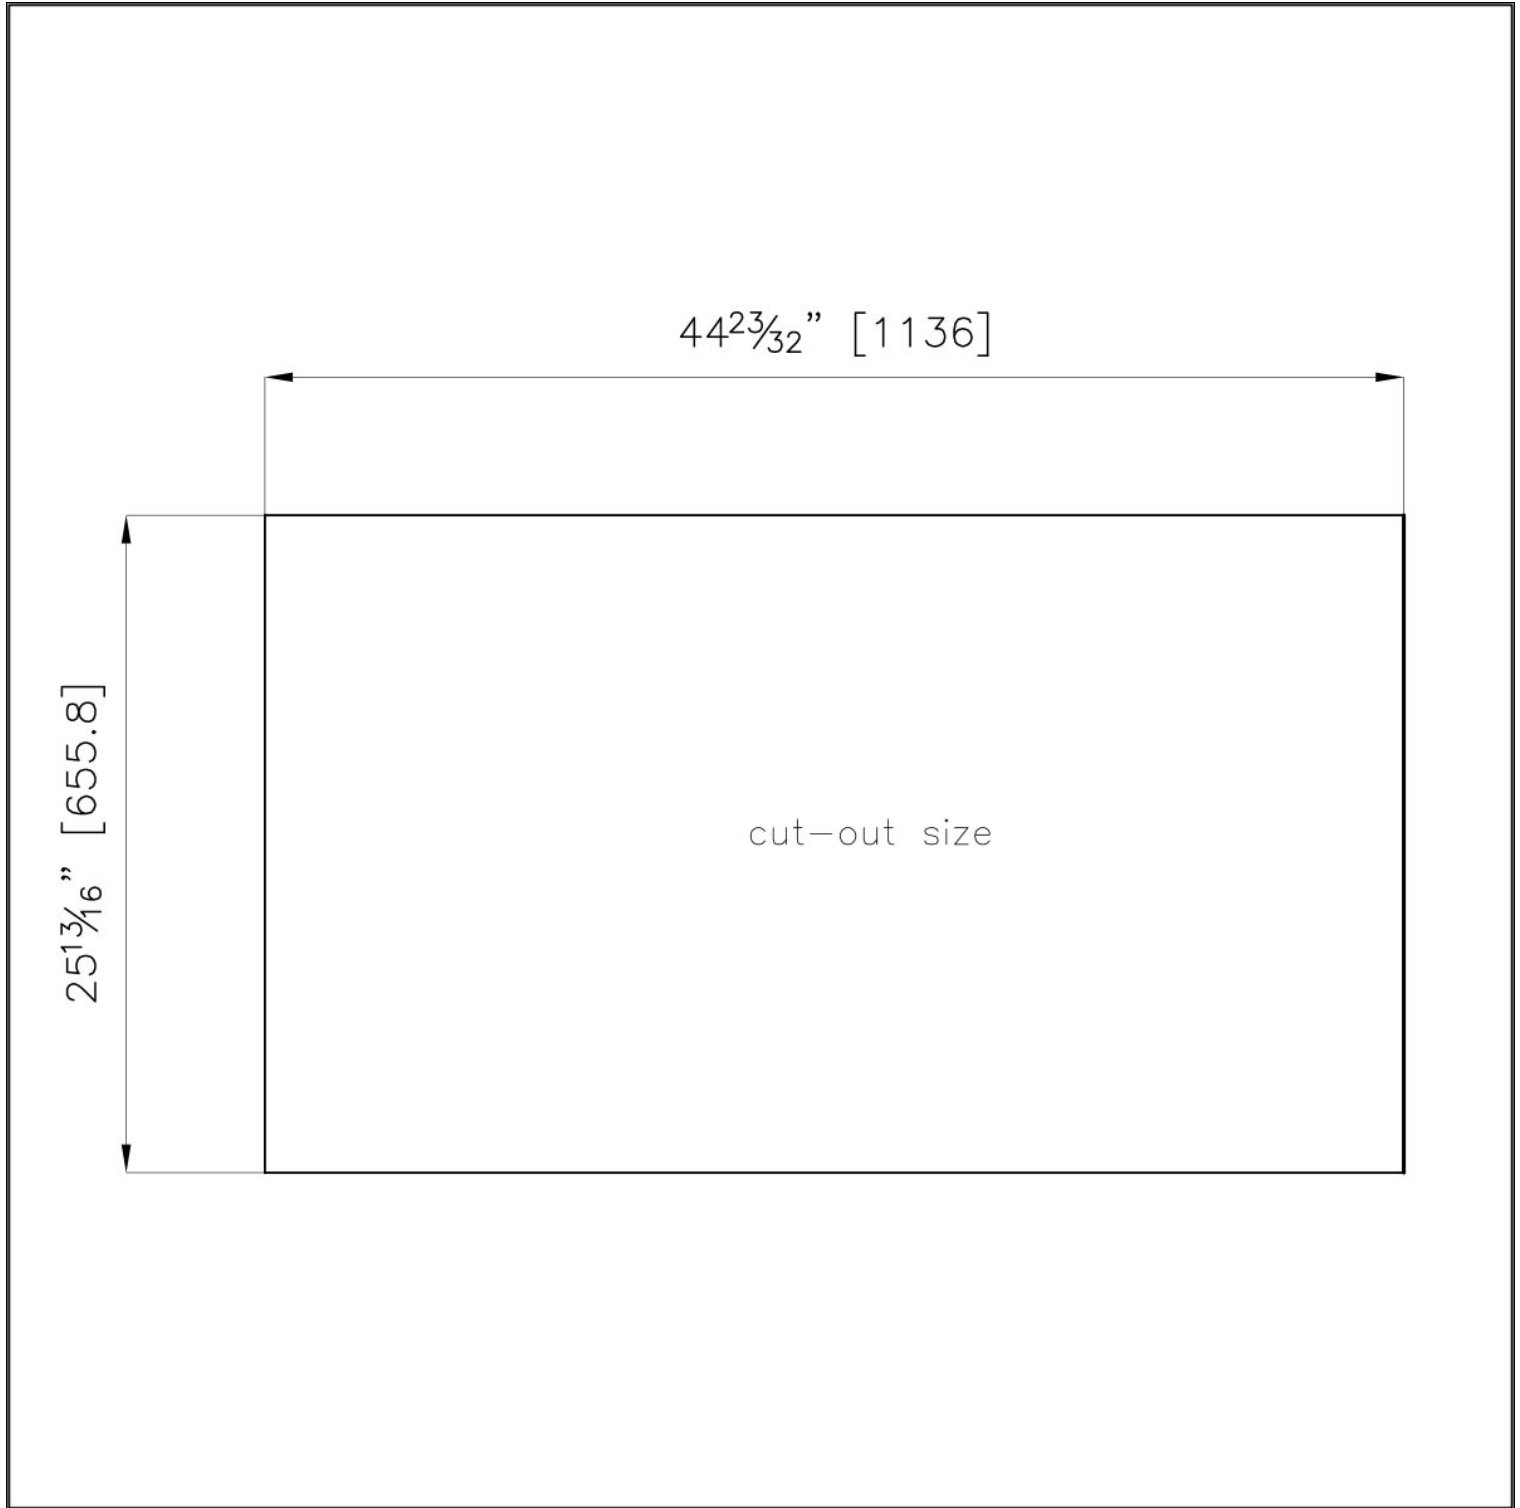

2. Sit-up installation on the cabinets  
and protruding over the worktop

3. Built-in installation flush with the  
worktop
