

Faucet Volcano

Faucets

Code: 8467 015

DETAILS

|                       |                                                                 |
|-----------------------|-----------------------------------------------------------------|
| Material              | Brass                                                           |
| Texture               | Polished                                                        |
| Cartrigde             | With ceramic discs                                              |
| Rotating angle        | 160°                                                            |
| Mixer hole            | Ø1 3/8"                                                         |
| Max worktop thickness | 2 2/16"                                                         |
| Max flowrate          | 1.75 GPM (6,6 Lt/Min)                                           |
| Mixer type            | Single lever faucet with rotating barrel and extractable shower |
| Notes:                | Strengthening plate included                                    |

## FEATURES

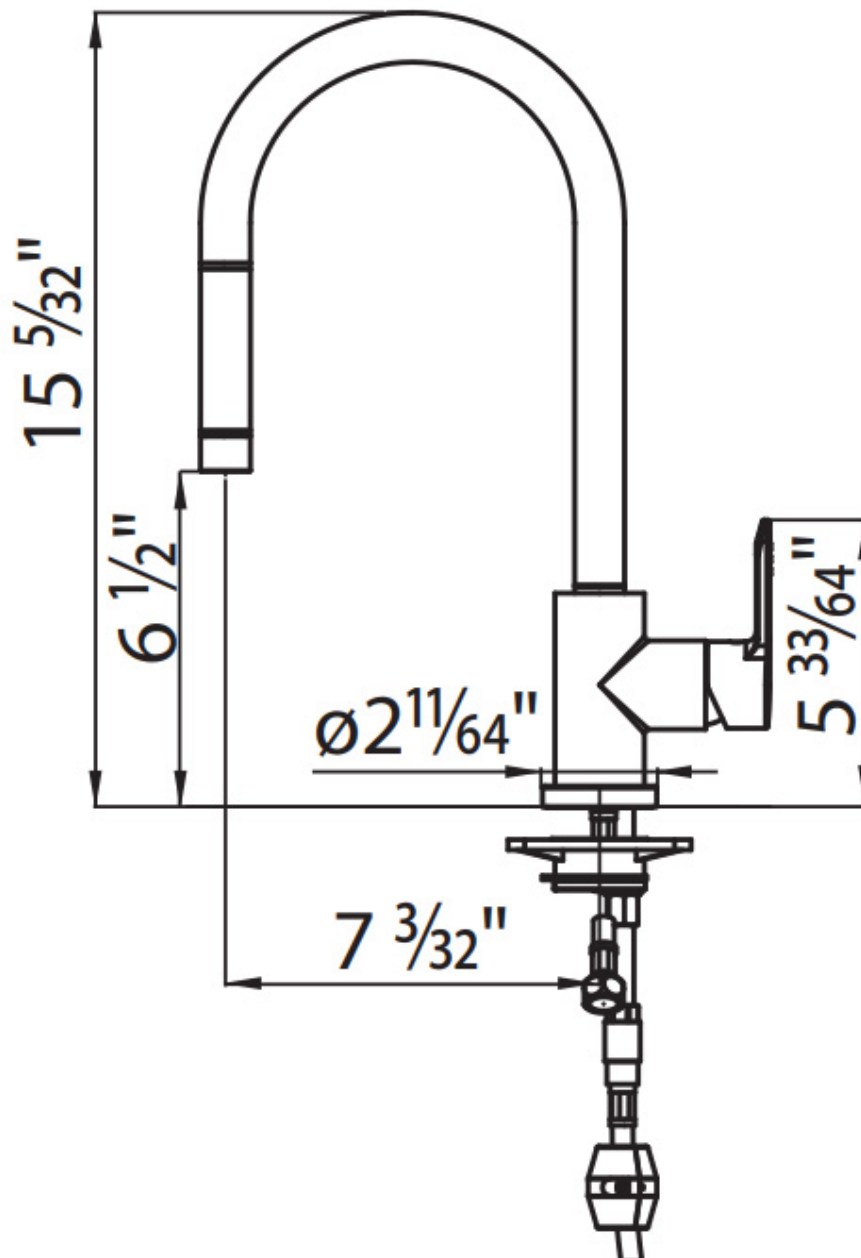

### Rotating angle

All the taps have a wide angle of rotation. Some models even permit a full 360° rotation.

### Strengthening plate

Foster's mixer taps are equipped with the strengthening plate that offers perfect stability on any sink.
